The food of dragons is said to be light, or fire; they kill in rage, to defend their young, or for sport, but never eat their kill. Since time immemorial, until the reign of Heru, they had used only the outmost isles of the West Reach-which may have been the easternmost borders of their own realm-for meeting and breeding, and had seldom even been seen by most of the islanders. Naturally irritable and arrogant, the dragons may have felt threatened by the increasing population and prosperity of the Inner Lands, which brought constant boat traffic even out in the West Reach. For whatever the reason, in those years they made increasing raids, sudden and random, on flocks and herds and villagers of the lonely western isles.. supposed to wait until you got tired of playing wizard. All the people who worked in the heat and fumes of the roaster tower were naked or wore only breechclout and moccasins. Otter glanced again at the slave, thinking by his height he was a child, and then saw the small breasts. It was a woman. She was bald. Her joints were swollen knobs in her bone-thin limbs. She looked up once at Otter, moving her eyes only. She spat into the fire, wiped her sore mouth with her hand, and stood motionless again.. He went on showing his wares and joking with the women and children. Nobody bought anything. They gazed at the trinkets as if they were treasures. He let them gaze and finger all they would; indeed he let one of the children filch a little mirror of polished brass, seeing it vanish under the ragged shirt and saying nothing. At last he said he must go on, and the children drifted away as he folded up his pack.. who read the books. All times are changing times, but ours is one of massive, rapid moral and. some kind. This happened so suddenly that I froze.. The young man, called Ivory, did not actually have his staff and cloak yet; he explained that he was to be made wizard when he went back to Roke. The Masters had sent him out in the world to gain experience, for all the classes in

the School cannot give a man the experience he needs to be a wizard. Birch looked a little dubious at this, and Ivory reassured him that his training on Roke had equipped him with every kind of magic that could be needed in Iria of Westpool on Way. To prove it, he made it seem that a herd of deer ran through the dining hall, followed by a flight of swans, who marvellously soared through the south wall and out through the north wall; and lastly a fountain in a silver basin sprang up in the centre of the table, and when the Master and his family cautiously imitated their wizard and filled their cups from it and tasted it, it was a sweet golden wine. "Wine of the Andrades," said the young man with a modest, complacent smile. By then the wife and daughters were entirely won over. And Birch thought the young man was worth his fee, although his own silent preference was for the dry red Fanian of his own vineyards, which got you drunk if you drank enough, while this yellow stuff was just honeywater.. "There's bread," Ayo said, and Mead hurried to pack hard bread and hard cheese and walnuts into a pouch made of a sheep's stomach. They were very poor people. They gave him what they had. So Anieb had done..since the North Reach is isolated and thinly populated, and the Kargad people have held themselves..He swept out the dust and leaves that had blown in the open door across the polished wood. He set Heleth's mattress and blanket in the sun to air. "I'll stay here a while," he thought. "It's a good house." After a while he thought, "I might keep some goats.."changed with the years.."I'm not a col. . ." I began. She leaned on the table with her elbows and moved her hand..It was mere cowardice to keep from Havnor, now-fear for his skin, fear lest he find his people had died, fear lest he recall Anieb too vividly.."Keep me?" she repeated. Berry came in late..he'll likely find another dowser.."There was a pause. He forgot that he had to answer in words. "I'd stay if I might," he said. "I'd stay here.."He has the advantage," Azver said, very dry..Soon, he thought now, he would not need one. He would have real power over her. He had finally seen how to get it.
